

Nanochemistry of molecular materials for 2-photon functional applications

www.nano2fun.eu

Marie Skłodowska-Curie *in Action*: research & innovation opportunities for all

MAY 11, 2017, 16:30

Centro Congressi Santa Elisabetta Campus Area Delle Scienze, Parma, Italy

a conversation with **Klaus-Günther Barthel**

Head of Unit Marie Skłodowska Curie –Innovative Training Network (ITN)
European Commission, Research Executive Agency

Chairman: **Stefano Sforza**, Delegate of the Dean for International Research

ITN: a view from the United State of America

Eric Van Stryland Pegasus Professor of Optics & Photonics, UCF; Nano2Fun Partner Organization

Kevin Belfield Dean, College of Science and Liberal Arts, NJIT; Nano2Fun Partner Organization

ITN: the industrial perspective

Matthias Gester Principal Scientist at Gillette- Procter&Gamble, UK; Nano2Fun Partner Organization

Matteo Santoro, CEO at CAMELOT biomedical systems S.r.l., Genova, Italy; Nano2Fun Beneficiary

Enrico Dalcanale coordinator of SUPABARRIER (European Industrial Doctorate) , UNIPR

ITN: the academic perspective

Jaume Veciana Institut de Ciència de Materials de Barcelona (CSIC), Spain ; Nano2Fun partner

Gabriele Costantino coordinator of INTEGRATE European Training Network , UNIPR

Anna Painelli coordinator of Nano2Fun (European Training Network) , UNIPR
